OLD081EN-102x9	102	120	9	27	81	520	4,12	40

Application

Heavy duty discharge hose for transport of mineral oil products and fuel mixtures with aromatic content up to 50%, suitable for offshore applications. This hose is constructed in compliance with ABS / DNV standards.

Temperature

-40°C to +100°C

Features

Durable, long lasting, suitable for assemblies, resistant to aromatic content up to 50%, flame retardant and conductive

Type

Mandrel built

Tube

Oil resistant synthetic rubber compound, black, smooth, anti-static, conductive

Reinforcement

High tensile textile cord fabric, anti-static copper wire

Cover

Blend of synthetic rubber compounds, black, anti-static, conductive, smooth with cloth impression, oil, abrasion, weather, seawater and ozone resistant and flame retardant

Standard/Notice

EN ISO 1765, ABS / DNV

Marking

Embossed or Transfer Label
